Dr. W. E. Hopkins, late Surgeon United States Army, is now associated with Dr. Powers in the treatment of diseases of Eye, Ear, Throat and Nose, under the name of Drs. Powers and Hopkins. m281m

French Tansy Wafer.

These wafers are for the relief and cure of painful and irregular menses, and will remove all obstruction, no matter what the cause, and are sure and safe every time. Manufactured by Emerson Drug Co., San Jose, Cal., and on sale only by A. E. Harris, City Drug Store. oc281y

Benton's Liniment.

Which has been used in Carson for over twenty-five years, has saved many an ache and pain to those who know it. It is really intended for horses but works with the same magical effect on the human. It is a powerful remedy and for rheumatism is the king of the world. Aches knocked out in short order. No horseman should be without a bottle. n6tf

Benton's Liniment for sale at all drug stores.

A. Livingston now practically controls the wholesale liquor trade of the city. He is continually adding to his stock and sells only standard brands. He is also introducing some excellent California wines to the people of Carson, as well as foreign and domestic cigars of the finest quality. Drop in and inspect his stock. d13tf

Notice to Electors.

The following nominations, duly certified, according to law, have been filed in my office, to be voted for at the election to be held in Carson City, Nevada, May 2, 1892:

Trustee at Large—F. R. Hofer, Republican.

Trustee First Ward—Alex. M. Ardery, Republican.

Trustee Second Ward—E. M. Reynolds, Republican.

WM. HY. DOANE, Clerk.

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used for children teething. It soothes the child, softens the gums, allays the pain, cures wind colic and is the best remedy for diarrhoea. Twenty five cents a bottle.

A Hard Finished Dwelling House, corner lot (85x85), good location.

Building Lot, 85x85, \$250. Building Lot, 50x200, on North Carson Street, frontage on three streets, \$100.

I have cash purchasers for improved or unimproved Carson street property.

J. D. KERSEY, Real Estate Agent.

We make a specialty of the cultivation of Evergreens, at Evergreen Nurseries, located at Evergreen Door County, Wisconsin. George Pinney, Prop. Send for catalogue. Every body can have evergreen hedges. 07tf.

ALL SORTS.

D. Kaiser is back from California. Capt. Reid the U. S. Revenue collector is in town.

Rev. J. Ford Holman was a passenger on last evening's train.

Mr. Gardner has begun work on his electric plant on Clear Creek.

The Branzonovich trial resulted in a hung jury 8 to 4 for acquittal.

Persons wishing the use of cemetery water will call at Secretary McCabe's office and get their receipts.

Rev. Dowes a Boston clergyman has recovered \$50,000 damages from some spiteful woman who conspired to ruin his reputation.

Mrs. Bowers the Washoe secess, received a judgment for \$220 in a \$10,000 damage suit against another woman in San Francisco Tuesday.

The Tribune takes pains to inform the public that R. R. Parkinson and Tremore Coffin have nothing to do with the management of the paper.

Balma Cella the Frenchman, who was mysteriously murdered in Paris not some years ago left \$250. Here the money have turned up in France.

A California man has a pair of horseshoes made of aluminum. They weigh five ounces each only—about eleven ounces less than the iron ones. They were made in Chicago.

There are only six lottery drawings in Chinatown daily now. Mr. Summerfield is watching them closely and if they ever see more frequent than half a dozen daily he will have the law on him.

W. E. Stone the cutter left for Salt Lake last evening where he will permanently locate. He is the only man we ever met who could cut clothes so as to fit the same man who was measured for them.

The Silver Leagues are the last breastwork to which the silver army has been forced. It is now rallying for a grand charge to victory and the complete annihilation of the gold-bug hosts and their paid allies.—Silver State.

The Jury at Grantville who acquitted Walch, charged with killing his brother are held in contempt by everybody of Nye county. The District Attorney who failed to put in important evidence has been hung in effigy. He ought to resign at once.

The Journal says that the Reno Reduction Works are working steadily on ores from Humboldt and Esmeralda counties under the supervision of H. H. Beck. Eleven or twelve men are employed at the works, but the low price of silver is discouraging, as only very rich ores will pay.

Sunday some men fishing in the river near Sacramento found the body of Benjamin R. Ray, who disappeared mysteriously three weeks ago. The deceased was an employee of the Capitol Furniture Company. For seventeen years he was a good workman, but rather weak-minded. Stones in his coat pocket indicate that it was a case of suicide.

The Tribune is evidently working for the school building job on a contingent. Its editor made so many breaks that he was bundled off to San Francisco so that the jobbers could handle the paper editorially while advocating the racket to the people. The utter transparency of this job becomes more apparent to the voters everyday.

If the "Colorado plan of campaign" is adopted in the event of Cleveland and Harrison's nomination, the following states can reasonably be depended on to vote against them: Colorado, California, Alabama, Georgia, South Carolina, West Virginia, Tennessee, Kansas, Nebraska, North and South Dakota, Nevada and Idaho. Keep up the agitation.—Rocky Mountain News.

Fifty telegraph poles were blown down, near Winnemucca, by the high winds of last Sunday. The signal service office at Winnemucca reports the wind as having a velocity of sixty miles per hour. Out houses around town, stovepipes, gates, etc., were torn from their bases. The storm, though of short duration, was the severest of the kind experienced there in years.

The Fire Pail.

Millard the plumber is the agent for a new fire extinguisher. It is a covered pail filled with water with some chemical in the top.

In case of fire you smash in the lid and the chemical mingling with the water will put out any incipient fire.

THREATENED DYNAMITE.

Excited Wood Pilers in Empire.

There is threatened war with the Railroad Company and some wood-pilers in Empire and there is talk of blowing up the woodpiles with dynamite. The pilers say they were hired by Clarence Parker last fall to load 6,000 cords of wood for the V. & T.

They claim that they loaded 3,000 cords and were then laid off, but assured that if they remained in Empire a few months, work would be given them on the remaining 3,000 and two men were allowed to spend the Winter in a shanty belonging to the company.

A few days ago they were ordered to vacate the premises as it would be occupied by Chinamen. This caused the hard feeling and they have announced that they will not let the Chinamen go to work tomorrow.

There are thirty or thirty-five idle men in Empire willing to go to work on the wood and the citizens in Empire say that there is likely to be trouble there if the Chinamen attempt to go to work. It is claimed that arrangements are being made to dynamite the wood or drive the Chinamen off.

Earthquakes.

The recent severe "quakes" which have been dislocating masonry and rendering accident policies extra hazardous have occasioned considerable enquiry and discussion regarding the probable causes of the phenomena.

It is well known that the surface of the globe is never free from sensible evidence of the operation of earthquake agency—that in some quarter or other tremors are always taking place. No less than 60,000 perished in the Lisbon earthquake, while that of Calabria destroyed 40,000 human beings. It is estimated that as many as 13,000,000 of the human race have thus perished.

Even the bed of the ocean is not exempt, vessels at sea sometimes passing over the point of disturbance at the moment of the shock. The phenomenon connected with earthquakes have been variously described. Many writers refer to conditions in the appearance of the heavens, or change in the atmosphere, which to them seem to have some connection with the catastrophes they narrate. They tell of irregularities in the seasons preceding or following the shock, of sudden gusts of wind interrupted by sudden calms, of violent rains at unusual seasons, or a reddening of the sun's disc, or a haziness in the air continued for months.

There are usually underground noises preceding accompanying or following the shocks, yet earthquakes occur, even of the greatest violence, which are unaccompanied by any previous noises. All theorists are agreed as to the connection between volcanoes and earthquakes; that they are produced by the same subterranean agency. The existence of molten matter in the interior of the earth is the starting point of all theories, but a satisfactory solution of the entire problem yet remains to be given.

The Proposed School Building.

EDITOR APPEAL:—Under this heading the Tribune mentions two or three pieces of property as eligible for the School House site, also as having been visited by "the Committee of heavy taxpayers, but as to the names of these "heavy" taxpayers, we are left in the dark. It would be a good proposition if these heavy taxpayers would say over their own signatures, that the building, equipments and lot should be inside of \$40,000, and for that matter considerably less.

As for the donation business which has heretofore been mentioned in the evening paper, the dear people of Ormsby County have before this, paid many times the price they would have paid if they had not accepted any donation. The way to do is to buy a lot and pay for it at once then the obligation ceases, otherwise it never ends.

ONE OF THE "HEAVY" TAX-PAYERS.

Closing His Office.

Dr. Calhoun the dentist has concluded to spend the summer months in his dental circuit and the office will be closed after May 5th, until further notice. He also desires to dispose of office and household furniture cheap for cash. Enquire at office, Ormsby block. ap29 1w

A rich gold strike was reported yesterday about two miles southwest of this city.

A. C. Cleveland is in the city. Bar silver 87.

THE CONVENTION.

It Condemns Harrison and Pro-nounces for Free Coinage.

The Republican State Convention met at Virginia yesterday. Eureka and Lincoln counties were unrepresented, even by proxy. The Committee on Resolutions reported fully in accord with the free coinage of silver, and it was the sense of the convention that it condemn the Republican party of the Eastern States and the administration of Harrison, insofar as he is opposed to free coinage. The delegates elected were instructed to contend for a plank in national platform for the coinage of silver on the same basis as gold, and to oppose any candidate for President or Vice President not favoring the free coinage of silver.

The following delegates were elected to the National Convention: J. A. Blosson of Lander, D. L. Jones of Ormsby, A. J. McDonald of Storey, M. D. Foley of Washoe, A. C. Cleveland of White Pine and W. E. Smith of Elko.

The following alternates were chosen: D. A. Bender, A. C. Hamilton, H. F. Bartine, F. G. Newlands, W. M. Stewart and J. P. Jones.

COAST NEWS.

George Greening was found guilty of arson at Santa Rosa.

The Horticultural Hall at San Jose is to be changed into a theatre.

The cruiser Charleston is on her way to San Francisco from San Diego.

James P. Murphy has been acquitted of the charge of shooting William McKay at Fresno Flats.

E. T. Thomas, the United States Signal Observer at Port Angeles, committed suicide by shooting himself in the head.

J. C. Rafael, a convicted burglar, swore vengeance on the complaining witness, Dan Rathbun, at Los Angeles recently.

Irrigation through the immense ditch of the Mokelumne Canal and Irrigation Company in the northern part of San Joaquin county, has commenced, and there is great rejoicing among the people of that section.

Captain C. H. R. Fitzgerald, an Englishman who has had the handling of large sums of money in connection with the Santa Cruz Storage Water Company at Tucson, has been arrested and charged with embezzlement.

Walter de Clarke, a railroad man, went to Tracy from Sacramento, to kill it is believed, Miss Tillie Ludwig who had refused to marry him but her brother discovered De Clarke while he was on his way to the girl's room and shot him. The wound is serious. A letter on his body was evidence that he contemplated murder.

Elaborate preparations had been made for the marriage yesterday at San Jose of Miss Tennie Booksin, only daughter of Henry Booksin, a capitalist of that city, and Dr. H. C. Brown formerly of Muskegon, who has been established in business about a year, but the groom has mysteriously disappeared and the affair is indefinitely postponed.

The Carson Tribune of last evening says this editorially about the third party organizers of that town: The third party advocates met with such a decided set-back in this county last evening that their scheme has completely fallen through.—Gazette.

The truth of the matter is that the resolution which was charged with being a third party resolution was fought vigorously by a gathering of federal officials in the meeting but the parties who objected to the resolutions were downed when it came to the vote. The resolution reads as follows:

RESOLVED: That the members of this organization irrespective of party decline to support any candidate who will not pledge himself unequivocally for the free coinage of silver.

The above resolution means just what it says and the members of the Carson Silver Club propose to abide by it.

Spring Ball.

Walter Cook is along side the seasons with his social gatherings at the hospitable ranch and will turn loose a dance and Supper on the evening of April the 30th. Plenty of Stable room, good music and delectable viands. A 23

For sale at a bargain Nutwood and Wilkes stock, two fillies, one yearling, one four year old, one gelding four years old, also one Hambletonian and Morgan mare, eight years old. For particulars enquire at this office. m24tf

WHY

THAT IS THE QUESTION,

Can you go to the EMPORIUM and know you will get the worth of your money?

BECAUSE

Abe treats you well; gives you one price, and tells you frankly if your purchase is cotton or wool, and if it will wash and wear.

A. COHN'S Opposite Capitol, in County Buildings.

SUMMERS & DAUCHY,

Drugs Toilet Articl's PERFUMES.

Prescriptions Carefully and Accurately compounded Day and night. Arlington Block, Carson, Nev.

1861. 1891

E. B. RAIL.
